INTRODUCTION

The ACI EUROPE Leadership and Human Resources Forum, established in 2013, wish to recognise a HR department each year who have demonstrated excellent leadership and human resources management among the ACI EUROPE Regular Members and as a result, the ACI EUROPE HR Excellence Award was created in 2017. The objective of this annual

award is to give exposure to excellence that will help the airport community better assess and implement the new procedures and skills needed to develop the industry's workforce, looking at the various challenges facing HR Directors and Airport Leaders, such as mobility, succession planning, training, well-being and digitalisation. Recognising that HR management is increasingly involved in the strategic development of an airport, and contributes to the social and economic fabric of the airport community.

APPLICATION AND PROPOSED RECOGNITION CRITERIA

The application should be no more than 12 A4 pages, including

references and appendices. It is recommended that candidate airports provide information to support their application, for example, evidence of best practice developments or testimonials from employees and industry partners. This year, the proposed recognition criteria will be aligned with the theme of the ACI EUROPE Annual Assembly & Congress. This award will be judged based on how HR departments have dealt with the societal consequences of sustainability.
